

CLASS 6
(COMPUTER APPLICATIONS)
WINTER VACATION HOMEWORK

As part of your holiday homework, please complete the following tasks. Make sure to submit your work by the first day of school after the break.

Task 1: Create an Email ID

1. **Create an Email ID:**
 - All cadets must create a new email ID using a platform like Gmail, Yahoo, or Outlook.
 2. **Write the Steps:**
 - List the steps you followed to create your email ID. Include details like:
 - Visiting the email service website
 - Filling out the registration form
 - Choosing a username and password
 - Completing any verification steps
 3. **Send an Email:**
 - Write a short write-up about your family (about 5-6 sentences) and send it to the following email address: **roushan143rk@gmail.com**.
-

Task 2: Input and Output Devices

1. **Collect Pictures:**
 - Find and paste pictures of at least 5 input devices and 5 output devices.
 2. **Write Descriptions:**
 - For each device, write two lines explaining what it is and its function.
 - Example:
 - **Keyboard:** An input device used to type letters, numbers, and symbols into a computer. It allows users to enter data and commands.
-

Presentation

- Present your homework neatly in Class Work copy.
- Make sure your handwriting is clear and your work is organized.

Happy Holidays!
